Setup Guide for My Homework App on PCs

1. Go to the website https://myhomeworkapp.com/
2. Select the panel at the bottom for your chosen device. Website/Chrome is the best for PCs
3. Click Sign Up
4. Select Create your Account if you don't want Facebook or Google involved.
5. Enter your login details and press Create Account
6. Once you are logged in your screen should look like this:

You now need to find the school and teachers in the school. Click on Teachers (arrowed)

7. Then enter St Martins and it will find St Martins Lutheran College.

8. Then go to Find Teacher, and you select the relevant teachers.
9. Then select Find Class. There will be a list of all the classes a teacher holds inside the Teacher's box. Click Join Class. You can join as many classes as you wish, e.g. Y8 Maths Y9 Maths, Y10 Maths for all siblings.

10. Once you have 'joined' all the classes you can see what homeworks etc are happening by clicking on the Home button (arrowed).

The completed homeworks are shown in Green at the bottom. Late homeworks are shown in Red at the top, and homeworks which are in the future are shown in grey.

11. A schedule is available when you click on Homework.
12. If you click on the class name (arrowed below) then you can get all the details of that class:

![Image of class details]

The class details include assignments for that class, as well as resources and files which the teacher has posted, under Files at the top:

![Image of class details]

You can leave the class by clicking on Leave Class.
