A message from the Head of Primary

Positive Education and a Growth Mindset
Mid last term I attended the Positive Schools Conference in Melbourne, which I have done so for a few years now, and I am finding that the good old message to help young people looking to the future with an outlook of success is still the same. You may have heard of growth mindset whereby our thinking, when faced with adversity can change the outcome. A ‘growth mindset’ looks for solutions rather than disillusionment, motivators rather than condemnation and satisfaction rather than defeat. As teachers we strive to make growth mindset statements when we see a student struggling or overwhelmed. We strive to help them seek solutions to problems rather than taking the easy way out or giving up. The 10 Growth Mindset Statements below may be useful to you also as you encounter those ‘fixed mindset moments’ at home with your young people and their chores or homework, play or creativity. Number 7 and number 10 stand out quite a bit to me. The old saying, learn from your mistakes, teaches us what is right and wrong. We shouldn’t be afraid of making mistakes and we should allow young minds to make them and be there to help them learn from them. Having a plan ‘B’ is probably something we as adults do without thinking, but again young minds need to start thinking of more than one solution because there are so many things that are out of our control.

Jeremiah 29:11 :"For I know the plans I have for you,' declares the Lord, 'plans to prosper you and not to harm you, plans to give you hope and a future." Robyn Teakle
Schools Tree Day comes around every year and is a great reminder about how wonderful our world is and that there are simple ways to make it even better. We had some spots about the school that needed a bit of a spruce up, so with a few tubes and a stack of cuttings from existing beds we made a difference. 2B absolutely loved getting their hands dirty as did Mrs Bonanno, putting in some small plants around the Junior Primary Carpark Area and the Year 6 students embraced the steep terrain behind Foundation/Year 4 classroom to plant a few hundred cuttings that we hope will take beautifully and replace weeds with ground cover. It was great having the help of the students and to see them working together and having fun at the same time.

Xanadu Magic
Year 10 students, Laird Boswerger, Jack Errington, Doyle Yoannidis, David Dow, Brandon Kimber (pictured right) Matthew Lindsay and Logan Hawke (absent), have been busy with the help of Mark Muller and Stuart Cox creating, the stage props for upcoming secondary musical Xanadu. The props have included creating stone walls, large Grecian pillars and much more! Thank you boys for your hard work and time spent making our production look amazing. Thank you also to Nat Chambers for painting all of the props once they were constructed.

Xanadu will be showing at the Sir Robert Helpmann Theatre next Friday, 11th of August at 7:30pm. See you there!

**SCHOOLS TREE DAY**

**STUDENT INTENTION FORMS**
During this term we will be preparing staffing and the budget for next year. It is very helpful if we can have the most up to date information on student numbers for 2018.

To get this information, Student Intention Forms will be distributed across the College this coming Monday. Please help us by filling in and returning the form as soon as possible.
YEAR 10 WORK EXPERIENCE

Most students completed Work Experience placements during Week 10 of last Term. Work Experience provides students with a chance to discover and potentially learn what future pathway they wish to take after secondary schooling. Here are a few short stories from students about their week at work experience.

CHARLOTTE SMITH

I completed my Work Experience at the Terry White Chemmart Pharmacy in Naracoorte. Some of the things I did during the week included putting stock away, helping with the Webster packs and first aid kits, putting things away in the dispensary and sorting out some claims. I enjoyed helping with the first aid kits the most.

BRANDON KIMBER

I went to the Naracoorte Herald, the local newspaper outlet. Throughout my week, I got to write up media releases to fit the local audience, edit some articles, take pictures, occasionally go out to collect stories and just got to embrace what it might be like to be a journalist. I enjoyed having an insight into the career and enjoyed being able to write my very own article, recounting on my time during work experience.

SOPHIE CASE

I completed my Work Experience at the Terry White Chemmart Pharmacy in Naracoorte. Some of the things I did during the week included putting stock away, helping with the Webster packs and first aid kits, putting things away in the dispensary and sorting out some claims. I enjoyed helping with the first aid kits the most.

CHLOE PRATT

I did my 1 week work experience at the Blue Lake Vets. I had so much fun extending my understanding about being a veterinarian and helping the staff there. As I was working there they assisted me in exciting jobs that I thought I would never do at work experience. This included, tattooing animals ears, filling syringes up with medicine, injecting the animals and helping out in the operating room. It was a great experience and would highly recommend that you do your work experience there if you want to become a veterinarian. After this experience, becoming a nurse veterinarian is definitely a career path I would take.

JACK ERRINGTON

I completed my work experience in the second to last week of Term 1 this year at the Lavarack Barracks in Townsville. Throughout the week I got to complete physical activities they’d get the new recruits to undertake. This included completing an obstacle course, swimming in the ocean with clothes on, shooting targets with laser guns etc. I had a great time at the Lavarack Barracks, but unfortunately my week up there was cut short by two days due to the incoming cyclone. Being an Army Recruit is definitely a future job possibility.

JACK ERRINGTON

I completed my work experience week here at the College within the Trade Training Centre with Mr Muller. Throughout the week I helped devise plans and construct some Xanadu set props, as well as helped supervise students with machinery when he had classes. I’d like my future career pathway to involve metal work. At the moment I am thinking I’d like to study Aerospace Robotics Engineering at University.
HABITAT FOR HUMANITY

As many of you are aware during the school holidays four Year 11 students, Mary Telford, Callan McLean, Bella Wild and Hannah Robinson, plus Miss Lennon ventured to Cambodia for Habitat for Humanity. They spent the majority of their time in the city of Phnom Penh, helping the Habitat for Humanity Organisation build houses for families and establish communal areas for community groups. This act of service provided families with much needed shelter, access to clean water and a better standard of living. Below are some photos from the trip. We cant wait to hear more stories in the coming weeks!
YEAR 12 RETREAT: PART TWO

On Monday our Year 12 students spent the day at the Southgate Motel to renew their focus and motivation towards their studies for the rest of the year. Students took the time to reflect on their journey so far and to review their goals and study techniques. Information was presented to get students thinking beyond Year 12 and helpful tips to maintain and reduce stress levels as they move into this busy time. One of the main points of the day was an emphasis that they are on this journey together and that teamwork, support and encouragement are some of the best tools they have to ensure a successful year. Special thank you to David and Kim Pratt from the Southgate Motel for providing us with the venue for the day and for the delicious food that kept us sustained throughout the day. We wish our Year 12 students all the best as they progress through Term 3, which is often a very busy term with major assignments due.

ST MARTINS SPIRIT

The College, with the input of staff and students, have come up with a set of values that we feel we live everyday here at St Martins. The first of these values is RESPECT. Here at St Martins we treat everyone with fairness and offer acceptance to all with genuine concern for the rights and well-being of the community.

Do nothing from rivalry or conceit, but in humility count others more significant than yourselves. Philippians 2:3

Keep an eye out for the next College value to be revealed!
**HPV ADELAIDE - 30TH OF JULY.**

I had the opportunity to join the HPV team in Adelaide of the weekend of the 30th of July and I really had not a great deal of knowledge of what to expect. What I encountered was so amazing, that I will be back! The HPV Circuit involves a series of 6 hour races across South Australia in locations such as Mount Gambier, Loxton, Adelaide and the big 24hr race in Murray Bridge. HPV is a team event requiring both on and off track support. In the 6 hour events teams are made up of 8 riders who give their all to pedal as fast as they can for as long as they can and once they start slowing through exhaustion they pull into the pits and change drivers/riders. In a field of some 170 vehicles you can imagine the spectacle of the sheer number of carts reaching average lap speeds of up to 50 KM/Hr, and weaving their way through the multitude of contestants. St Martins Lutheran College entered 2 vehicles in this event powered by students from Years 7 to 12 and they performed exceptionally well. “Carbonated” managed 174 laps finishing 11th overall and 7th in their division. “Crank It”, the second vehicle, came 43 overall and 17th in their category. A fantastic result for the whole team. Of course this would not happen without the fantastic parental support. This merry band of able workers organise, maintain and fundraise for the cart teams and are very good at what they do. I would thoroughly recommend you get involved and give support to this fantastic team event, particularly in time for the Murray Bridge event. Parents and students welcome. A special thank you to John Leggett for taking the carts up on Friday for the scrutineering process. Stuart Cox

**HPV DIMBOOLA**

St Martins HPV Teams were very lucky to be invited to an invitation only HPV event in Dimboola, Victoria within the school holidays. HPV Series organisers used the event as a ‘trial’ of the track in preparation for their first official event next year. St Martins had two carts registered in the event, “Carbonated” and “Crank It”, 8 riders in total. Although the weather was not ideal, our riders could not fault the track and look forward to racing there in the future. A big thank you to Mrs Eckermann who travelled to watch the teams compete. Placings were not recorded, all invited teams were purely racing for the love of the sport. It was a great event to be a part of!

---

**A BIG THANK YOU TO OUR SPONSORS**

We would like to thank our sponsors; SMLC P&F, Triple TRacing, Australian Waste Engineering, Edan Engineering, She's Apples as well as the van Eeden, Zwijnenburg, Telford and Sheather Families for supporting and believing in us; your generosity and support is greatly appreciated.

**HPV WORKING BEE THIS SATURDAY**

This Saturday at 10am the HPV Community is hosting a working bee here at the College. The working bee will be at the shed, next to the College garden/residential property and will focus on the HPV trailer. All volunteers are welcome. Come and see the HPV support network in action!

**NO HPV TRAINING THIS SUNDAY, DUE TO WORKING BEE ON SATURDAY**
NETSETGO TERM 3
Our NetSetGo netball program for Foundation to Year 2 students began Monday. It was wonderful to have over 30 students giving it a go. This is an eight week program that will run throughout Term 3.

SAPSASA GOLF
Well done to the St Martins students who took part in the Lower/Mid-South East SAPSASA District Golf tournament held at the start of this week. Four of our students managed to qualify for the next stage at Naracoorte in Week 4 of this term. If these students do well in Naracoorte they have the opportunity to progress on to the State SAPSASA Titles in Adelaide later in the term. The four students to progress were Liam Delaney, Shae Delaney, Henry James and Lachlan Hartung.

STATE SELECTION UNDER 12’S AND UNDER 13’S
Liam Delaney from Year 7 has once again been selected in the U/12’s School Sports SA hockey Team, to represent SA at the Pan Pacific games to be held in Adelaide from the 1st to the 10th of December 2017. Athletes participated in a 4 stage trial process which included SAPSASA week and 3 other trials, conducted to assess the athlete’s skills and knowledge of game play. Thirteen field players and one goal keeper were selected from a large pool of athletes. Liam will be lucky enough to play against international teams as well as the other states in this tournament. Liam, together with Mason Hill, from Year 7 has also been selected to represent SA in the U/13 Hockey Team travelling to compete in Perth, 28th September – 8 October 2017. All athletes participated in a 3 stage state trial process which included the June long weekend Zone and U/13 State Championships. Mason and Liam were also part of the U/13 Lower South East Zone Team who after several years took out the Under 13 Boy’s title at the State Hockey Championships on the June long weekend. Good Luck to both the boys in their preparation leading up to the respective tournaments.

BRETT OGLE CUP
During the holidays, three of our SMLCGOLF students participated in the state-wide Brett Ogle Cup junior golf competition for talented junior golfers. The event was played at the Renmark Golf Club in the Riverland. In a fantastic effort from St Martins, our three students made up over half of the five person South East team. The other two South East team representatives coming from the Kingston and Bordertown regions. Ben Thiel (Year 10), Parker Smith (Year 9) and Mitchell Handford (Year 8) all played extremely well in the match play event qualifying rounds and finals. The South East team did well exceptionally well to win the event in a thrilling final. Well done to the three students and their families.

6/7 FOOTBALL CARNIVAL
Last Thursday (27th of July), 17 boys and girls from Years 6 and 7 travelled to the Blue Lake Sports Park to compete in the mixed 15-a-side Australian Rules Football Carnival against other local schools. From this group, the students varied in experience. Some students had played multiple seasons at their local club, whilst others had never kicked a Football before. The team played 3 out of 4 scheduled games, with the last game cancelled due to potential thunderstorms heading towards the field. Out of these 3 games, St Martins left with 1 convincing win against Kongorong, 1 draw against Mac Park Red & Yahl, and one loss to Reidy Park Yellow. All games played in fantastic spirit and the students improved significantly over the day in both individual skill and teamwork. It was great to hear the students talk about their enjoyment of the day and hear those that had little exposure to the game wanting to play again in the carnival next year. Overall, the day proved to be successful in all aspects and the students displayed all the values of sportsmanship, representing St Martins to the best of their ability.
**GENERATIONS IN JAZZ 2018**
Students who are interested in being part of the Generations in Jazz Choir for 2018 are encouraged to put their name on the sign up sheet by the music room door. Auditions will be held in Week 4 of Term 3 on Wednesday 16th August. Rehearsals will be held on Wednesdays at lunchtime in the Music Room. An audition piece will be forwarded to you to learn once we get a list of interested students, as well as an information sheet outlining what is expected of you.  
*Mr Walther*

**GERMAN TRIP 2018**
The German Trip is being offered again for April 2018, Term 1 holidays. The German Trip will be a 2 week trip including 1 week touring and 1 week in the city of Düsseldorf with our sister school. Any student currently in Year 8 - Year 11 is eligible to participate. A German Trip Information Night will be held on Friday 4th August at 7pm in the Community Room. Come along to find out more!  
*Frau Frost*

**STUDENT ABSENCES AT SMLC**
To assist SMLC staff better understand student absences please use one of these following ways to inform the College if your child is going to be away:
*Contact the school prior to 9:30am by phoning 8725 1430*
*Email details to absent@stmartins.sa.edu.au*
*Or simply fill out the Absentee Form on School Stream. Absentee Forms can be found on School Stream under the heading ‘Attendance’. Simply fill out the form and press submit.*

Our new attendance system requires administration staff to enter information in regards to students absences that then flow onto the teacher rolls to inform them of the students whereabouts. Your compliance in regards to this is greatly appreciated.

If students are arriving late or leaving early they must have a valid written reason and ensure that they sign in and out in the Front Office (primary students) or the Ark Office (secondary students). Students having extended absences longer than 4 days for family holidays are required to have the Exemption form complete and signed by the Principal. These are available at the Front Office or via the link on School Stream. To see the full Attendance Policy please click here.

**RELIEF TEACHERS WANTED**
We’re seeking more relief teachers to add to our register, qualified within both Primary and Secondary settings. Resume and current Teachers Registration Certificate are required; copies can be handed into the Front Office directly, or by emailing office@stmartins.sa.edu.au. Many thanks.

**COMING SOON**

**ATTENTION DADS!**
**YEAR 1 – 2 STEM NIGHT**
Come along with your child and participate in some simple science, technology, engineering and maths activities.
*When: Wednesday 16th August*
*Where: St Martins Lutheran College Gym*
*Time: 6:00pm—7:00pm*

**SCIENCE HELIX CLUB**

'**I'M ATTRACTED TO MAGNETS!**'
Years 2-6 (younger students welcome but must be accompanied by a parent)
Downstairs lab in Ark room 101
Wednesday Week 3, 9th of August
3:30pm to 4:30pm
Gold coin donation please
RSVP essential to Thea Shaughnessy
tshaughnessy@stmartins.sa.edu.au

**ARE YOU ON SCHOOL STREAM?**
Notes are now published on our School Stream App! School Stream is a free school based app that allows us to send you notifications about upcoming events, notices, forms etc straight to your phone/device! School Stream is also used to send out important information that may be at short notice.

Download the School Stream App to your mobile device/tablet now!

**PREMIER’S READING CHALLENGE**
The Premier’s Reading Challenge finishes on the 7th September, therefore we only have five weeks to complete forms and submit them to the Library (within Library lessons). There has been quite a few students that have completed their first sheet and have kept up the challenge reading and completing more sheets. Don't forget, apart from the medals the students will receive, they also get a lollypop, points for their House Team and will go into a draw for a free book. We are also trying to get 'Jack' to the top of the beanstalk (every book read, Jack gets to climb higher to reach the giant's castle). So let's all get busy reading!
SCHOLASTIC BOOK FAIR
Generally during the week we celebrate Book Week we also hold a Scholastic Book Fair, but this year it will be happening earlier. Starting Monday 7 August (next week) and continuing through to Friday 18 August. The Book Fair will be open between the hours of 8:30am to 3:45pm, including during lunchtimes, in the Library. All are welcome to come and have a look.

During Library lesson in the first week of the Book Fair, classes will be given the opportunity to view the books and items on display and make out ‘Wish Lists’ which the children will bring home to you. We will explain that these are only ‘Wish Lists’ and it is the decision of Mums/Dads/Caregivers whether the item is purchased or not.

These Book Fairs provide Parents/Caregivers with the opportunity to support their children’s reading by purchasing books. This Book Fair is also a Fundraiser for the College enabling us to purchase new and current reading resources for the College Library. There will be a variety of books on sale, starting at $6.00, including picture books for pre-school and junior primary aged children, novels for readers of all ages, including a very good range for the secondary students, craft and activity books, information books, posters, ‘Wacky Packs’ (sorry no reorders on ‘Wacky Packs’), posters (large $4.00, small $2.00) and the usual variety of bits and pieces priced between $1 (school supply specials) - $10.00 (eg: puppet on a stick) each.

“FROM OUR FAMILY” DONATION SCHEME
Your HELP is wanted here please. Some of the books at the Book Fair will be marked with a burgundy coloured label. These books are considered suitable additions to your College Library and we would really appreciate it if you would give it some consideration. All donations will be acknowledged with a book plate attached to the inside cover of the book and of course your child can be the first to borrow it.

Our Lucky Draw is open to any person purchasing $30.00 or more in the one transaction from this Scholastic Book Fair. The Lucky Draw may surprise you by winning a voucher to the value of either $5.00 or $10.00. These vouchers must be used at this current Book Fair. Sorry, but vouchers received from the Book Club will not be accepted at the Book Fair.

We really ask that you please support the Book Fair which in turn supports your College Library.

ALL WELCOME!

BOOK WEEK - SATURDAY 19TH TO FRIDAY 25TH AUGUST
Each year, across Australia, the Children’s Book Council of Australia brings children and books together celebrating Children’s Book Week. During this time Schools, Libraries, Booksellers, Authors, Illustrators and children celebrate Australian Children’s Literature. The Book of the Year winner’s of the five categories (Early Childhood, Picture Book, Younger Readers, Older Readers of the Year and the Eve Pownall Award for Non-Fiction Books) are run from Saturday to Sunday.

During the past weeks, students have been introduced (age appropriate) to the books on the ‘Short-List’ and have been busy with activities relating to several of the ‘Short-Listed’ titles. All are welcome to visit the Library to view the fantastic displays set up by the Library Staff with the student’s work. You will be escaping into the Land of Narnia, escape through the garden in the Magic School Bus, down the yellow brick road to the Emerald City, beware of Fabish running from the fire, and duck from the seagulls looking for chips, and, then blast into the past in the Tardis from Dr Who.

DRESS-UP DAY FOR BOOK WEEK
The Book Week Parade will be held Friday 25th August, our culmination of Book Week. This is where the children can dress-up using the Book Week theme ‘ESCAPE TO EVERYWHERE’ or as a character from a book they have read. Children will quickly return to class after the Chapel Service, add any extra clothing they need to finish off their costume, then return to the Gym where a continuous Parade of classes will show off their costumes. The children will be rewarded with a themed sticker after parading, on return to their classroom. Prizes will be given out to the most ‘themed’ participant for each class parading. Parents please remember this is not to be a stressful, or, an expensive outlay. Dressing-up is using clothing or items you already have at home. Be creative and have fun.

All are welcome to stay and enjoy the array of children’s costumes, then make your way across to the Community Room for a cuppa. Once refreshed you are most welcome to move on into the Library to peruse the Book Week displays.

SCHOLASTIC BOOK CLUB
Closing date for Book Club Issue #5 is tomorrow.

Thank you, Library Staff
DO YOUR KIDS KNOW THE VALUE OF MONEY?
In today’s world of electronic payments and internet banking, it is difficult to teach children the value of money. When you’re at the shops, how often do you pay with actual cash? Australians only use cash for 37% of purchases, mainly for goods costing under $10. Our kids have learned that money lives in a plastic card, and lack clear understanding of how money works.

The LLL recommends teaching kids the “three ‘S’s’”:
- **Saving**: Have a savings goal. Instead of purchasing a birthday or Christmas present for them, let this be the motivation for saving.
- **Spending**: For everyday items: when you’re buying a coffee and your child wants a biscuit, they can use their ‘spending’ money. They’ll learn that once money is spent, it’s gone, and it’s a great way to talk about comparing the value of items.
- **Sharing**: Help your child to develop an attitude of giving at a young age. Let them choose a cause they are passionate about. One way to do this is with three clear jam jars with the labels ‘saving’, ‘spending’, and ‘sharing’. Your child can tangibly see the growth as the money accumulates.

The LLL provides savings accounts for children. The accounts have a good interest rate with no bonus hurdles to jump over AND we also pay a $5 gift for the first savings account opened for the child.

Talk to the school office about opening an LLL Children’s Saving Account and participating in LLL school banking today, or visit www.lll.org.au for more information.

**P & F NEWS**

**Woolworths Earn & Learn 2017**

This year we will be participating again in the Woolworths Earn & Learn program. Through this program we are able to get new educational resources for our College – and all we need you to do is shop for your groceries at Woolworths.

From Wednesday 26th July to Tuesday 19th September or while stock lasts, we are collecting Woolworths Earn & Learn Stickers. You will get one Woolworths Earn & Learn Sticker for every $10 spent (excluding liquor, tobacco and gift cards). Place the Woolworths Earn & Learn Sticker onto a Woolworths Earn & Learn Sticker Sheet and when it’s complete, the Sticker Sheet can be dropped into the Collection Box here at College or at your local Woolworths.

At the end of the promotion, we’ll be able to get some great new Equipment, from maths and science resources to sport, art and craft supplies. If you’d like to know more visit woolworths.com.au/earnandlearn.

St Martins are hosting Science Week Activities on Friday 18th and Monday 21st of August, which will run all day in the College Library.
Parent volunteers are more than welcome to come along and help out on either day.
